X5 xDrive30d, X5 xDrive30i e X5 xDrive48i

X5 xDrive35i e X6 xDrive50i

A BMW do Brasil convoca os proprietários dos veículos modelos X5 xDrive30d, X5 xDrive30i, X5 xDrive48i, X6 xDrive35i e X6 xDrive50i fabricados entre 1º/11/2006 e 20/12/2008 a entrar em contato com uma concessionária autorizada BMW para agir, gratuitamente, a substituição do arrego de condutor.

Riscos e implicações:

Verificou-se que tais veículos podem apresentar falha no funcionamento do arrego de condutor, em decorrência de contato prolongado do gerador de gás do arrego com umidade e/ou da própria fabricação do gerador de gás. Ocorrendo a falha, em caso de acionamento do arrego de condutor em situação usual, um aumento na pressão interna do gerador de gás pode ocorrer, gerando rompimento da bolsa de ar e ejeção de peças de metal através do arrego. Nesse caso, não se descarta a possibilidade de ocorrência de danos físicos e materiais ao condutor, aos sistemas componentes do veículo e a terceiros.

Medidas a serem adotadas pelos consumidores:

Entrar em contato com uma concessionária autorizada BMW para agir, gratuitamente, a substituição do arrego do condutor.

Agendamento e tempo de reparo:

Os serviços poderão ser agendados a partir de 02/23/2019 e levam cerca de 30 minutos.

Os chassis envolvidos são:
